A great turnout for this Club Championship and DRRL race and some great performances all round. Fantastic Doddler support as well. In the DRRL our men's team is locked in a promotion battle with Lytchett – prior to this event in order to secure promotion we needed two wins from our last three races. We are still awaiting the official DRRL scores but it looks like we have secured this win, we also came close to getting the team prize.

The intrepid Doddlers who braved the forecasted weather doom were rewarded with a lull in the storms and a great 10k on the 2 lap beach & sand dune course. With the sea gently lapping the start line, tail winds assisted the outward beach run before the challenging return route weaved us back through the sand dunes to begin lap two. All agreed it was great fun, with the novelty of the night-time race and atmosphere, plus the technical aspects of fast dune running, especially in the dark!
